Big crop expected

By TOM CONRAD

Wheat Crop To Be All-Time High, USDA Says - The 1981 wheat crop is expected to reach an all-time high of 2.75 billion bushels, according to a U. S. Department of Agriculture report. The production would be 16 percent more than last year's 2.37 billion bushels.

USDA officials attribute the increase to a record 88.8 million acres of wheat planted by farmers and to prospective record spring wheat yields.

Harvesting of the second successive record wheat crop is not expected to change the tight "free stock" situation. Total wheat supplies for the season are forecast at 3.74 billion bushels, 14 percent more than last season.

Wheat prices for 1981/82 will depend primarily on export sales, use of the loan and reserve program, and the impact of weather on world gain crops, the report stated. Farm prices for 1981/82 are forecast to range from $3.70 to $4.00 per bushel.

With large exportable supplies, the U. S. could ship overseas a record 1.775 billion bushels of wheat in 1981/82. Wheat shipments may increase to Egypt, Algeria, and Morocco and will remain high to China, Japan, and Brazil.

1981-crop wheat under loan is eligible for immediate entry in the grain reserve. Farmers who place the crop in the reserve are entitled to receive $3.50 per bushel plus prepaid annual storage payments of 26.5 cents a bushel. The current interest rate on wheat loans is 14.5 percent.

USDA officials say farmers increased their holdings in the wheat reserve program by 110 million bushels during 1980/81. As of August 12, the reserve totals 375 million bushels during 1980/81. As of August 12, the reserve totals 375 million bushels and is made up of placements going back to the 1976 crop. The law permits maximum wheat reserve of 70 million bushels.

Flue Tobacco Redesignation - The next redesignation period for flue tobacco is September 2 through October 2. Producers need to bring in their marketing cards when redesignating.

FCIC Information - Farmers are reminded that September 30 is deadline for signing up under the Federal Crop Insurance program for the 1982 crop of wheat and barley. There is a list of insurance agents at the ASCS office. If interested contact us by phone or come by.

Mt. Pleasant

And thou shall return and obey the voice of the Lord, and do all his commandments which I... command thee this day. (Deut:30:8)

The Mt. Pleasant Senior Choir celebrated their anniversary the second Sunday at 3 p.m. with the Rev. Albert Davis as guest speaker. He is the pastor of Promise Land Baptist Church and assistant pastor of Galilee Baptist Church. His wife, children and Mrs. Dorothy Stevens accompanied him. His text was taken from Ephesians 19:20v. Theme of the message was "God's Praises."

A mixed choir consisting of members of the Peaks, Gravel Hill and Galilee choirs was featured at the service. The scripture was read by Mrs. Christine Washington, a prayer was read by Deacon Robert Chambers, the welcome was offered by Mrs. Mzrva Thornton, the response was offered by Mrs. Albert Davis, a history of the choir was recited by Mrs. Odell Chambers, and Mrs. Virginia Goode introduced the speaker.
